Scouting the Shops

"Twas the night before Christmas and we weren't even worried, because we had just mailed out 21 beautiful Christmas cards which we had received absolutely free with a four-month's subscription to the Daly City Record.

"And all through the house—there lingered still the fragrant odor of some delicious S and W coffee which we had bought from Westlake Market for 26c a pound.

"Not a creature was stirring— which was no great wonder considering the magnificent dinner we had just eaten, highlighted by a tender, juicy cross rib roast from Farmers Meat company (25c lb.)

"Not even a mouse— or so we had assured ourselves, on account of there were two delectable mince pies from the Geneva Bakery in the pantry which we wanted intact for the next day.

"The stockings were hung— and how fervently we hoped that the next day would find a stream-lined electric ironer from A. M. Harrison in ours!

"By the chimney with care— and you should have seen what a beautiful fire was blazing in our fireplace from a bundle of those magic Presto-Logs from Lucca Ravioli and company (six for only 39c.)

"In hopes that St. Nicholas— we don't like to appear skeptical, but why rely on a somewhat hypothetical St. Nicholas when Edwards Drug store carries such a complete line of fascinating Christmas gifts, including watches, cameras, knives, flashlights—

"Soon would be there— hint to Santa: why not board one of Daly City's fast, new municipal busses? They're both quick and comfortable.

"The children were nestled— or so we tried to assure ourselves, although suspicious creak-

ings in the kitchen-regions told us that someone was raiding the General Electric refrigerator we had bought from Charlie's Radio Service on such easy terms.

"All safe in their beds—

and you can be sure that they're really safe when the pillows have been clean and sanitized by the New Process Laundry, whose cleaning methods have received the official approval of the California State Board of Health.

"While visions of sugarplums—

monster gum drops, old fashioned chocolates, orange slices—all 10c a pound at Milo's Market. Other holiday mixes are equally inexpensive and equally tempting.

"Danced through their heads—

and also visions of the Indians of Rhythm, we suspect, who are appearing with a complete new show at the Daly City theater next Friday night.

"And Mom in her kerchief— which was a silly thing for her to be wearing, considering all the lovely gift lingerie that Henry Warshawski is selling now for the holiday season. See his gift suggestions on page 7.

"And I in my cap— which had just been put into a state of glistening cleanliness by (Continued on Page 2)

the Beeson Cleaners (and don't ask me why I was wearing my cap to bed!)

"Had just settled down—
If you're really thinking of settling down, don't do so without investigating a really good kitchen range, one of the large selection carried by Byrne Radio stores, fitting every need and purse."

"For a long winter's nap—
and you'll never know how heavenly a long winter's nap can be until you've had your mattress renovated by the Daly City Mattress company."

"When out on the lawn—
no, it was not the neighbor's dogs howling. He keeps them happy and contented with Victory dog food from the Daly City Cut Rate Market, only 4¢ a can."

"There arose such a clatter—
and we knew it wasn't the milkman, because the milkman from the Mission Creamery is quiet as the Arabs and always silently steals away."

"I sprang from my bed—
forgetting even my new long-wearing Peters shoes, which I had bought at the sensational sale now under way at the American Shoe company."

"To see what was the matter—
thinking possibly that someone

was celebrating winning a fifteen-pound turkey at the Perpetual Help whist, until I remembered that the date of the party was December 14.

What was the matter? That is the question; there lies the suspense. Authors always write, "To be continued" just when they reach an exciting spot, and so shall we.

But first we will mention three last-minute flashes: eggs are the lowest they have been in more than 20 years, and Robertson's Egg store is the place to buy them. (Now is the time for angel food cake and omelette and all the other things you ordinarily regard as expensive).

Hilltop Lodge announces this week that the holiday spirit has taken over there; and for holiday food, festivity and music there's no place that will make the Christmas season seem more of an occasion.

And speaking of Christmas—St. Michael's Ladies Aid is giving a whist party Tuesday evening in the parish hall for the benefit of the children's Christmas tree fund. Here's a chance to help Santa.

A YOUNG scientist from France has discovered in the earth's topsoil "the most powerful germicide in the world." A pint of this dusty substance, made from an unidentified species of earth bacteria, is said to be enough to protect five trillion mice from pneumonia. Your old pipe smoker marvels at this discovery, regretting only that all the wise men have not yet been able to find in the soil, or above it, or beneath it any antidote that will protect two billion human beings from the infection of war.

Why is it that when men get together in a card game, the pipe smokers seem to have the most fun and often, the most luck too? But maybe it's not all luck. For pipe smokers are calm, relaxed and quiet. They miss nothing that is going on as they contentedly puff away. They fill their pipes from the famous Edgeworth tin, because, being keen judges of value, they long ago discovered the greatest smoking satisfaction in Edgeworth's famous blue tin.

Despite all efforts to rid the world of human slavery, a London paper declares there are still five million slaves in the world. That's a bit of news when you figure that we have sovereign human rights, self-government, knowledge, freedom and order in America. It's too bad our blessings have to depend on where we were born.

One man, A. Dean Lindsay of Ocilla, Georgia, holds original claim and warranty deeds to the sun, the moon, the stars, and all planets, except our earth. Papers are recorded at Irwin County courthouse, Ocilla, Georgia. Has anyone got a hall for rent?

"BEAU GESTE" ROUSING PICTURE OF ADVENTURE IN FOREIGN LEGION

A brutal Foreign Legion sergeant lies with a bayonet through his heart because he tried to wrest a valuable gem from one of the gallant brothers "Geste," in the stirring adventure film, "Beau Geste," now playing at the Daly City theatre.

A glorious, rousing story of three loyal brothers who embark on a gallant adventure in the French Foreign Legion roared into town last night. It is Paramount's vivid, new excitement-filled production of "Beau Geste," co-starring Gary Cooper, Ray Milland and Robert Preston, and it was received with electric enthusiasm as it was shown to local audiences for the first time at the Daly City theatre. Its engagement here ends Saturday.

The three stars of "Beau Geste" are seen as the brothers "Geste," a trio whose loyalty burns brightly through desperate battles with desert tribes, and endures even the brutal treatment of a mad driving sergeant who is determined to wrest a valuable jewel from the brothers, convinced that they possess it.

Companion feature on the new bill is "The Under-Pup," first picture of Hollywood's newest child discovery, eleven-year-old Gloria Jean, whose career closely parallels that of Deanna Durbin.

Bring Your Pipe
The new German library at Leipzig, which is to contain every book or publication issued in German anywhere in the world, is to have a smokers' terrace, where patrons may sit and smoke while they read.

Weed Growth
Proof of the tremendous strength of growing weeds was shown at Winnipeg, Manitoba, when a piece of lumber an inch thick, through which had grown a dandelion root, was found in a lumber yard.

Shark Oil
Shark liver oil has become a valuable sea product, owing to its richness in Vitamin A.

Salt Content
Rivers of the globe are estimated to pour salt into the ocean at a rate of 35,000,000 tons a year.

Paddlefish Found in Mississippi

A paddlefish is a large scaleless, fresh-water fish of the Mississippi valley, characterized by a prolongation of the bony carapace of the head into a long, flattened, paddle-shaped snout, with which the fish turns over the mud and gravel of stream beds in its search for food. Specimens sometimes exceed six feet in length and weigh over 150 pounds.

Swiss Birthrate

The Swiss, with the world's lowest birthrate, may soon become a "vanishing race," latest vital statistics about the nation disclose. Swiss babies born in 1936 were 20,000 fewer than those in 1900, and between those dates the number of births a 1,000 potential mothers slumped from 266 to 131. Should the decline continue, Switzerland's death rate in 1945 will exceed its birth rate.

Stock Feed

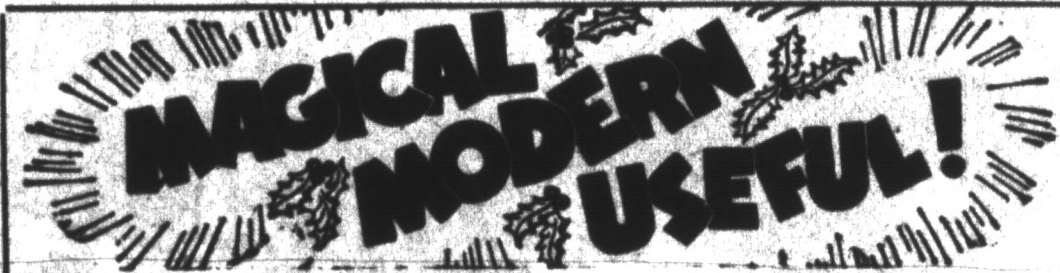

The mangel is a type of coarse beet ordinarily used as a stock food. Their culture is practically the same as for beets, but since they grow to a large size, individual specimens often weighing 10 or more pounds, they require more space. The plants are therefore thinned to stand from 10 to 12 inches apart in the rows.

Church as Stable

The churches of Kilkenny in Ireland have been put to various uses in the past. The cathedral has been a stable, the Franciscan Friary a tennis court, the Black Abbey a courthouse, while the parish church has served both as a barracks and a hospital.

Longest Beach

Longest ocean beach in the world is said to be 28 miles at Long Beach in the state of Washington. It is one of the principal recreation centers on the Pacific shoreline of Washington.

Perpetual Help Whist Thursday

A fifteen-pound turkey will be the first prize Thursday evening at a big whist party given at Masonic hall for the benefit of Our Lady of Perpetual Help church.

Since this will be the last whist party of the year for the parish, the committee are making every effort to assure its success. Committee members include parishioners whose names begin with X, Y, Z or W.

Playing will begin promptly at 8:30 p. m. Score cards are nominally priced, and the public is cordially invited to attend.

Christmas Tree Benefit Planned

It's time to plan Christmas for the kiddies. St. Michael's Catholic Ladies Aid starts holiday festivities with a big whist party next Tuesday evening for the benefit of the children's Christmas Tree fund.

Held in the parish hall, 32 Broad street, the party will begin promptly at 8:30 p. m. Score cards are nominal in price and the public is cordially invited to attend. There will be prizes for lucky winners and a large crowd is expected to be present.

Busy Bee

A honey bee goes about four miles on a trip and may take as many as 10 or 12 trips a day. A good hive of bees in a good location can produce a pound of honey in three-quarters of an hour, or about 20 to 22 pounds a day. It has been estimated by the department of agriculture experts that a pound of honey represents the life work of approximately 1,000 bees, a bee's working life averaging about three weeks. It takes about 20,000 "bee-loads" of nectar to weigh one pound. This will make about one-quarter of a pound of honey.

The crypt of Saint James' church at Sydney, Australia, having been unused for some time, will be turned into a laboratory. Dr. Burton Bradley and his assistants will use it for making blood tests.

Railways for Skiers
In no place in the world are there so many skiing possibilities as in Switzerland, where mountain railways take care of the uphill grind. St. Moritz alone has four such railways.

Sea of Galilee
The Sea of Galilee of Biblical fame is below sea level, yet its outlet flows into a sea! The Sea of Galilee, a body of fresh water 13 miles long and seven miles wide, is 700 feet below the level of the sea. Its outlet, the River Jordan, carries the overflow to the Dead sea, a body of salt water, which is 1,300 feet below sea level. That's as far below sea level as the water can go—there is no outlet!

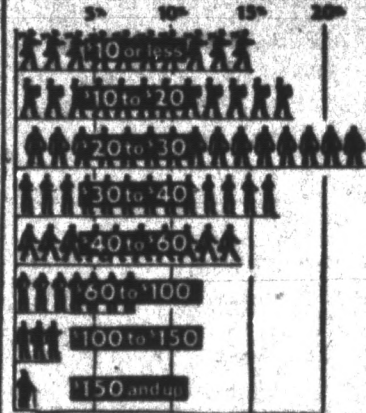

Divorce in Canada
The steady increase of divorce in Canada is attracting the attention of sociologists and statisticians of the Dominion. The figures steadily mount. In 1918, there were only 114 divorces in all the country. In 1928, the figure had risen to 763 and in 1938, to 1,883.

TURKEY WHIST FOR BENEFIT OF OUR LADY OF PERPETUAL HELP CHURCH

THE RECORD SNAPSHOTS

Low Lehr, comedian, concentrates on winning a prize in the meat carving contest at the Swift & Company World's Fair Exhibit. The judges gave Low a prize, all right, but it was the booby prize. They said he spent too much time eating, and they also pointed out to him that when his first onslaught pushed the turkey off the platter and off the table onto the floor, he had automatically disqualified himself. Low's rebuttal was: "I always used to think monkeys is the funniest peoples; but now I know it's judges."

SAIL BOAT FOR TWO—Judith Barrett, film star, and "Geronimo" sail the lake at Arrowhead on her "off" days.

1940 PLYMOUTH DELUXE SEDAN—Longer, lower and much wider inside—is this 1940 model Deluxe Plymouth 4-door Sedan. Luxury keynotes the rich new styling outside and in, and "luxury ride" describes the new performance attained by moving passengers forward and completely redistributing chassis weight. Larger trunks are concealed by the graceful rear-end design, and are lighted at night by inside "windows" at the back of the two tail lamps.

Hilltop Lodge Signs Radio and Stage Star

Hilltop Lodge scoops the local entertainment field this week with the announcement that Dell Raymond, popular star of radio and stage, has been engaged to appear there in person.

Offering sparkling entertainment in the modern manner, the glamorous night club singer will be a valuable addition to the Hilltop staff.

Fred Wood, manager, announces that in addition to the usual evening dinner and dancing the Hilltop is now featuring tea dancing on Sunday afternoons.

Smallest Pilot

Omar Murray, of East Syracuse, N. Y., claims he is the country's smallest man to be granted a pilot's license by the federal civil aeronautics authority. Murray is four feet eight inches tall and weighs 98 pounds.

Battle to Death

A cat fought a battle to death with a huge black snake near Kila, Australia, in an effort to save her three kittens. The next morning two of the kittens were found dead with the mother cat's tail in the snake's mouth.

YANKEE WINS SEAGRAM CUP—An American wins Canada's most coveted golf trophy. Yankee golfer Harold (Jug) McSpaden receives the handsome Seagram gold cup in token of his victory over a field of outstanding American and Canadian golfers in the 1939 Canadian Open Golf Tournament recently held in the province of New Brunswick. J. Provde Seagram (left) noted Canadian sportsman whose grand-father founded the House of Seagram, makes the presentation.

MOST UNIDENTICAL TWINS Ft. Wayne, Ind. — Florence (tallest) and Alberta Spoth of Chicago, who were selected as the most unidentical twins in a contest held here recently.

Rodeo, Dance This Week-End

Everybody, it seems, is going to the annual Stampede presented by the San Mateo County Sheriff's posse, to be held Sunday at the huge Livestock pavilion on Geneva avenue.

The activities (to put it mildly) will start at 2 p. m. All of the events that go to make up a first-class rodeo will be presented. Leo Carrillo, famous stage and screen star, is the newest member of the Sheriff's posse, and will be in attendance.

Attention is called to the big pre-rodeo dance at Bayshore hall at 9 p. m., Saturday night, December 9.

Christmas Seals On Sale Monday

Mrs. Horace Fellows, local chairman of San Mateo County Tuberculosis and Health Association's Christmas seal campaign, announced today that she would spend Monday, December 11, in the local branch of the Bank of America.

Residents may purchase Christmas seals at that time, Mrs. Fellows stated, to support the annual nation-wide Christmas drive against tuberculosis. Every bit of support is appreciated in this humanitarian undertaking.

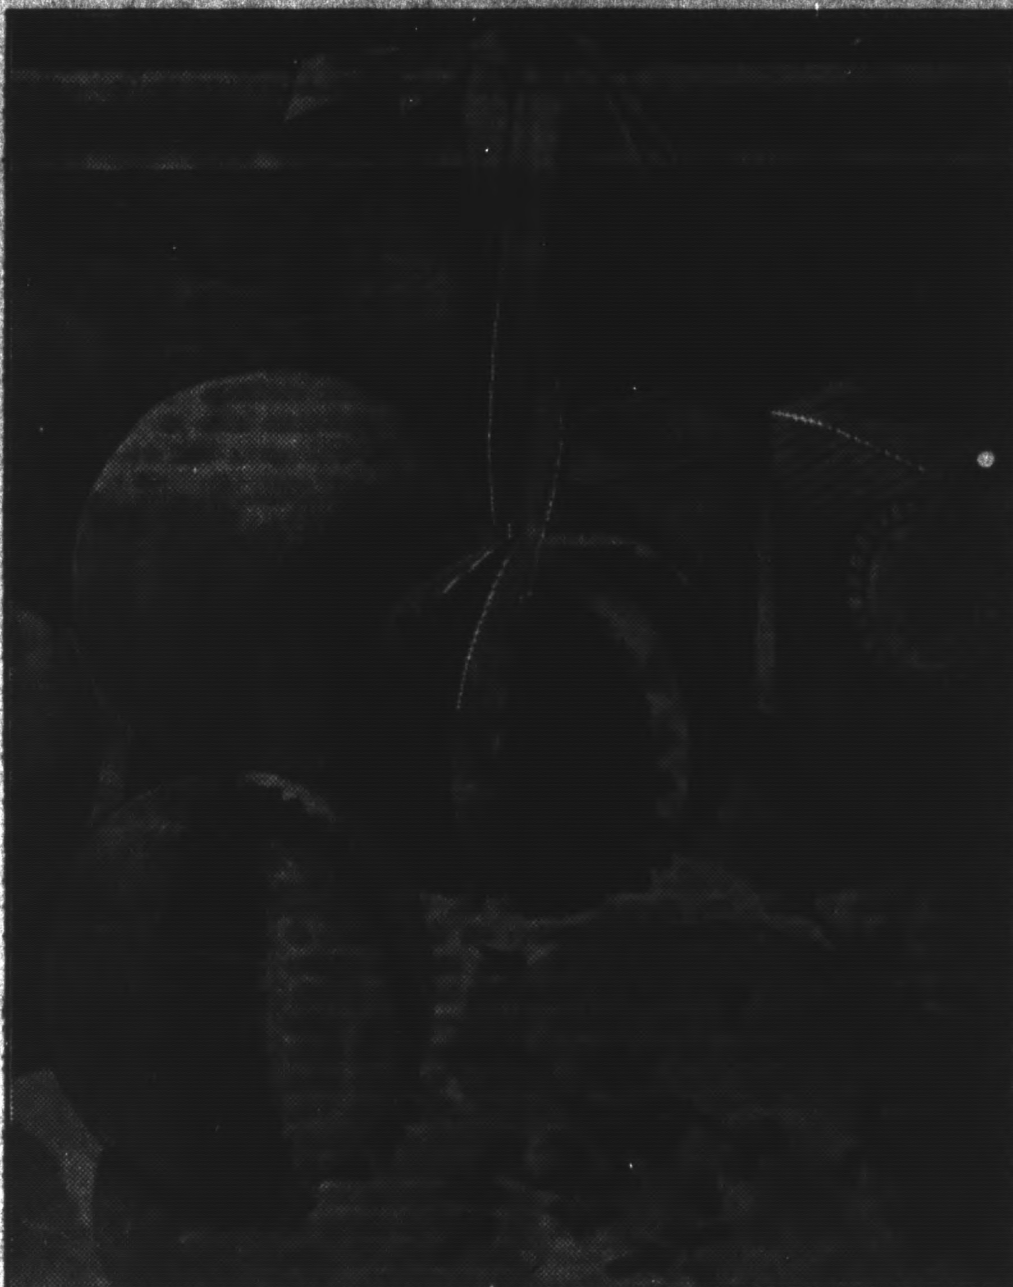

Latin America Speaks

Latin America includes Brazil (which speaks Portuguese), Haiti (which speaks French), Puerto Rico (a U. S. dependency) and 18 Spanish-speaking republics.

Pontoon Bridge

A new bridge at Seattle, with a main stretch more than a mile in length, will be supported by floating pontoons.

Make Pomanders Now for Xmas Gifts

Follow a California custom and make pomander balls for Christmas gifts. Gaily wrapped in holiday boxes they are presents with a personal touch. Select thin-skinned California oranges (easiest to stick cloves into), or grapefruit for bigger pomanders, and follow these directions.

CALIFORNIA POMANDER

California oranges
Whole cloves
Powdered orris root
Ground cinnamon
Select firm California oranges for making pomanders. Stick

whole cloves into the skin of the orange until the rind is completely covered. Roll orange in a mixture of equal parts of orris root and ground cinnamon. Pat in as much of the powdered mixture as will adhere to the orange. Wrap the pomander in tissue paper or other soft paper for several weeks. Remove the paper, shake off any loose powder, and the pomander is ready for use in drawers or on linen shelves.

To hang in a closet, crochet a loose circular cradle, or simply tie the pomander with a piece of ribbon, ending in a loop.

Bird In Hand

Otis Clark was pitching to batting practice in a pregame warmup at Norman, Okla. He stuck his glove in the air to catch a high return. The ball bounced out of his glove but he caught a bird that was flying after the ball, apparently chasing it.

Circus Maximus

The recently excavated Circus Maximus in Rome had seats for 385,000 persons.

Author Unknown

The author of "Count that day lost whose low descending sun views from thy hand no worthy action done" is unknown. The earliest instance of the use of the lines is traced to an autograph album of David Krieg, dated December 8, 1897.

Same Direction

The planets all move around the sun in the same direction and almost in the same plane.

Good Wading
Palanga, a Lithuanian coast resort 700 years old which has a tourist population twice the number of its own inhabitants, has one of the safest sandy beaches of the Baltic. You can wade out 90 feet on the sandy ocean floor before the sea reaches the knees. It is a paradise for children's play.

Chewing Gum Okayed
Chewing gum, pencils, rubber bands, toothpicks, pipestems and other things are restful and useful forms of exercise for office workers. Prof. H. L. Hollingsworth, of Barnard college in New York city reported recently. Experiments made over a four-year period showed that chewing relaxes tension and allows individuals to apply more energy to the tasks at hand.

Frog Business
Frogs give every indication of eventually becoming "big business" in the West. One company capitalized at \$200,000 has filed articles of incorporation for the opening of 20 frog ranches near Modesto, Calif.

"Going to the Dogs"
Relief at Fremont, Ohio, has been "going to the dogs," according to the dog warden, Hiley Mook, who reported that a large part of the milk furnished daily for eight children was being fed to four dogs of a rural relief client. Mook took the dogs.

Turkey Talk
A mild hailstorm brought disaster to Perry O'Dell's turkey flock at Alliance, Neb. Three hundred young turkeys became frightened by the hail, piled up in a heap and smothered to death.

Rugby in England
The great sports of English winters are Rugby football matches when England matches Scotland, Ireland, and Wales. They open with a game which is announced as England vs. The Rest.

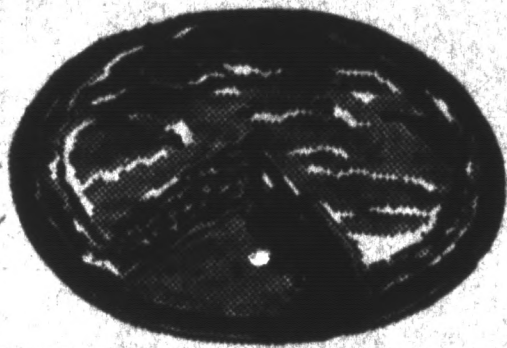

Australia's Future
Pointing to "Australia's future place in the Pacific, her very existence perhaps" Prof. Stephen H. Roberts urges the New South Wales government to teach American history in its schools.
